Re: Thumbs WAY up!

I finally got a chance to see this. I highly recommend it! I'm sure those of you who enjoy animation will enjoy this. I got to see more details at Wizard World Chicago. It's what got me interested in seeing this and it was worth it. So take the time to see this. I'm sure you'll be glad you did. Don't forget to check out more information at [www.superverse.com](http://www.superverse.com). It's a pretty cool site where you can get more details about the movie and other items. There are even Limited Edition Trading Cards available. There are only 1,000 numbered sets and some of the big names in illustrators have contributed. How can you go wrong?

Pghpa22,  
Wow! We're keeping your e-mail address for when we hire a spokes person. Thanks for the kind words.

Re: Zoom Suit good fun for all  
We saw it at this years San Diego Comicon, and loved it. My daughter was asking for me to get her a zoom suit the rest of the con..

Dear Mr. Great,  
We apologize but the Zoom Suit is a unique, "one of a kind" item. However, we do have some X-80 Hunter Killer robots your daughter may enjoy. They are only \$6,000,000,000 each, but we're running a special, buy two get one free. That'll be 12 billion. Cash or charge?

Re: Worth a look!  
This is one of the neatest animations I have seen in a quite a while. The graphics are great and the story is really entertaining.

I've always liked animation like this, kind of old school.

They've come up with an interesting story line that really lends itself well to being brought to life this way.

It's about a kid who finds a space suit and is then on his way to becoming a new super hero.

It will be interesting to see where they take the story from here.

I am definitely gonna keep a watch for more from John Taddeo and all the others that were involved with this production.

Geerts1,  
We're keeping a watch on this Taddeo character as well. There's been a lot of stuff missing around here and we want answers. Office supplies ain't cheap.

Fr: mztress  
Re: Reminiscent of Ralph Bakshi's artistry

Very well done animation short. It was reminiscent of Ralph Bakshi's artistry. The storyline was easy to follow. Story line seems geared towards children, but I still found it entertaining and not "childish". I also liked the music. I'd be interested in future projects by David Taddeo, especially if they were more adult oriented. By that I mean, if the story line is geared for adults, not children. I'm going to look for the comic book as well.

Dear Mz. Tress,  
We're interested in this David Taddeo person as well. Is it Zoom Suit Creator JOHN Taddeo's long lost brother? Evil twin? Does this David guy have a strange red tattoo on his forearm? This is like a GI Joe 21, 26 and 27 waiting to happen. Or maybe it goes down Jedi style like, "John, I AM your father".  
And who is this Ralph Bakshi you speak of?  
PS - his name is John Taddeo, not David Taddeo.

Fr: Author  
Re: Very Nice  
Can't do much better than this. The creative forces are brilliant!

It's only 12 minutes long, but very cool, and leads into future installments. The next installment of the Zoom Suit animation is scheduled for completion late October, two issues of the four issue Zoom Suit limited series comic are complete and will be solicited for sale early 2006. I expect to see more soon.

Whoah... take it easy Tiger! Only twelve minutes into the relationship and already the expectations come out. Like they say in Caddyshack, "You'll Get Nothing and Like it!"

Just kidding. Seriously, thanks for thinking we're brilliant, and may I complement you on your taste in brilliance.

Keeps your face firm and young.

But seeing is believing. Try seventh veil and see the exciting change. You must look younger or pay nothing. These words apply \$3.00. Special limited time offer, 2 bottles for \$5. Send payment or pay postman on delivery plus postage. Results guaranteed.
