We learned the Zoom Suits' weakness - Water!

...well, not exactly, but sort of. For a more complete description check out our newest Zoom Suit animation, How the Suit Works. It's online right now at [www.superverse.com](http://www.superverse.com).

Zoom barely escaped with his life after a knock-down, drag out battle with rogue NSA super agent Simon Bane. It seems after 30 years of alien blood transfusions, Simon is super strong and nearly indestructible. The battle eventually ends when Zoom slams Simon over the head with Mr. Wilson's classic 1967 Camaro.

Meanwhile, Britany sketches the Zoom Mobile, Zoom Boat, Zoom Utility Belt and the Fortress of Zoom! Myles dismisses the ideas saying, "Zoom is a stupid name," so she continues the name search... as well as the search for a working Zoom Signal.

- Who has been eating humans at the Fresh Kills Dump?
- What is Simon's real obsession with the Zoom Suit?
- Where is Simon getting his alien blood?
- When will Myles learn the secret powers of the suit?

Why are you still reading this?

Although some answers are hidden, they are all in the upcoming pages! Get going!

Hey guys!

I just wanted to let you know that I just finished reading ZOOM SUIT #1 and it totally rocks!!! It will be put onto my pull list every month for sure. Not only is the writing and the art awesome...but its just plain fun to read. I love the use of the silver metallic MetaFX within the comic, it stands out and gives the book its own unique look. Keep up the good work! Hopefully, this book will be around for a long time to come!!!

Team Zoom,

Great material, I love this book. I sent a sketch of Zoom Suit along as well. I just had to draw him. The animated short was absolutely amazing. My two little boys loved it. They watched it several times. Thanks again.

I can't describe how great this book is, it's really amazing. It sounds like an overstatement, but I've never seen anything like this before in a comic.
